

Fardeen

Full Stack Developer

 fardeen-99 |  LinkedIn |  Portfolio |  fardeenkhan63574@gmail.com |  +91 9810011454 | Delhi

SUMMARY

MERN Stack Developer specializing in building scalable, high-performance web applications using React.js, Node.js, Express.js, and MongoDB. Experienced in developing real-world full-stack projects including AI chat interfaces and social media platforms, with strong focus on responsive UI, REST API design, and clean component-based architecture. Passionate about writing efficient, maintainable code and continuously learning modern web technologies to build impactful digital products.

PROJECTS

Fardeen GPT – AI Chat Application

[Live Demo](#)

Tech Stack: React.js, Advanced Hooks, Axios, TanStack Query, Tailwind CSS, SCSS

- Developed a modern AI chat interface with real-time conversation UI and dynamic message rendering.
- Implemented efficient API handling with caching and optimized data fetching patterns.
- Designed responsive and clean UI inspired by modern AI products.
- Applied component-driven architecture and reusable UI patterns for scalability.

MacOS Inspired Portfolio Website

[Live Demo](#)

Tech Stack: React.js, Tailwind CSS, SCSS, Advanced Animations

- Built a fully interactive MacOS inspired UI with draggable windows and smooth animations.
- Implemented component-based architecture for reusable UI modules.
- Designed pixel-perfect responsive layouts with modern UI/UX practices.
- Showcases projects, skills and developer profile in an engaging interface.

DevGram – Full Stack Social Media Platform

[Live Demo](#)

Tech Stack: React.js, Node.js, Express.js, MongoDB, REST APIs, Tailwind CSS

- Built a full-stack social media platform inspired by Instagram with features including authentication, post creation, reels-style video feed, likes, comments, saves, and follow system.
- Designed scalable REST API architecture with JWT authentication, middleware security, and optimized MongoDB queries for social graph operations.
- Implemented responsive modern UI with dynamic feed rendering, video autoplay logic, and reusable component-based frontend architecture.

EDUCATION

2023 - 2026	BCA, Ambedkar Institute of Technology	CGPA: 7+
2022 - 2023	Class 12th CBSE, St. Lawrence Convent School	87%
2020 - 2021	Class 10th CBSE St. Lawrence Convent School	49%

SKILLS

Languages	HTML, CSS, JavaScript
Frontend	React.js, Tailwind CSS, SCSS, Responsive Design, Advanced Hooks
Backend	Node.js, Express.js, REST APIs
Database	MongoDB
Tools	Git, GitHub, Axios, TanStack Query, VS Code, Vercel, Netlify
